

LOCK OF THE WEEK

BILL OF RIGHTS — OFFICIAL AMENDMENTS

BILL OF RIGHTS

Official Amendments to the LOTW Constitution

Ratified Following the 2026 LOTW Summer Conference

The following amendments have been formally ratified by the membership of Lock of the Week and shall serve as a binding addendum to the LOTW Constitution. All amendments carry the same weight and authority as the articles of the original Constitution. In the event of any conflict between these amendments and the original Constitution, the amendments shall prevail.

AMENDMENT I

Weekly Pick Deadline

All picks for a given week must be submitted no later than 11:59 PM Eastern Standard Time (EST) on the designated deadline day for that week. Any pick submitted after this deadline shall not be accepted and the member shall be recorded as having missed the week, resulting in an automatic loss per Article VII of the LOTW Constitution. The Dictator reserves the right to set and communicate the specific deadline day for each week, which may vary based on the game schedule. It is the sole responsibility of each member to submit their pick on time. No exceptions shall be made, no extensions shall be granted, and no late submissions shall be accepted under any circumstances.

AMENDMENT II

Rule Change Voting Procedures

The procedure for amending the rules of Lock of the Week shall differ depending on whether the proposed change is made during the active season or during the offseason, as follows:

In-Season Rule Changes: Any proposed change to the rules during an active LOTW season shall require a unanimous vote of 3 out of 3 (3/3) members to pass. This elevated threshold exists to protect the integrity of the ongoing season and to prevent mid-season rule manipulation. No in-season rule change may be applied retroactively to picks already submitted or results already recorded.

Offseason Rule Changes: Any proposed change to the rules during the offseason shall be submitted for consideration at the next annual LOTW Conference and shall require a majority vote of 2 out of 3 (2/3) members to pass. Offseason amendments that pass shall take effect at the start of the following season and shall be formally added to the Constitution or this Bill of Rights at that time.
